Point2 Agent Dashboard

If you are not already using your member benefit, now is the time!
Get your Point2 Agent Dashboard set up!

By leveraging the Point2 Agent system you will be able to advertise your listings for free across 35+ public listing search sites like Yahoo!, Trulia, Google Base, Point2Homes, and many more. You will enter your listings into your MLS just as you normally would and the syndication of your listings will be handled seamlessly at no cost to any of our members. You will also remain in complete control of your listings by choosing to syndicate only where you want to; control the tools you use and what you don't.

Statistics on your listing views on various syndication feeds will be available to you so you can keep track of exactly how well your listings are doing! Also, any prospects generated from your listings on syndicated sites will be delivered to you at no cost, where upon you can manage these prospects given the tools provided by Point2 Agent. If you would like to learn more about what Point2 Agent can do for your listings, in addition to your web marketing, please feel free to click on the below link.
